A strong physical attraction for a construction worker that leads to sex...

Excerpt:

The only light in the room was the computer screen and the dim light over my bathroom sink. Returning, I handed him his glass. He was slouched forward now with his ass on the edge of the chair, his legs were uncrossed and spread wide. His left hand was on his thigh; his thumb was slowly rubbing back and forth on the cock shaft. "Feel good?" I asked.

"Yea," he said grinning at me shyly. "This is my friend. I make him feel good and he makes me feel good. We kind of take care of each other since we don't have any other friends to do it for us." His strokes were having an effect on both of us. Even in the dim light, the crown of his cock head was clearly visible now and he was getting thicker. My cock had expanded and was probably visible also. "Mark, buddy, I think you should come over here and meet your new friend," he said in that deep voice which was so sultry, almost raspy, and could have levitated me to the spot between his legs.

We both knew I wanted it, there being no reason to pretend otherwise, I got to my feet and knelt between his legs. In this position, I felt like I was home from a long trip. Without taking my eyes off his cock, I ran my hands up and down his muscular thighs, the coarse hair caressing my fingertips. I was totally aware of him watching me. Glancing up at him, I could see he had an intent look on his rugged features, like I was being studied. I leaned forward, pressing my face in his crotch, my lips at the precise junction between his balls and his shaft. Although not completely hard, there was firmness to his cock that indicated it wouldn't be long before it was solid. Continuing to nuzzle him and lick his meat, I fished his balls out of the snug fabric and rubbed them. Then sliding down, I started slowly sucking one hairy nut at a time the whole time tugging his trunks down until the waistband was resting on the top of his cock. He was now almost completely hard; he was indeed very thick. I judged it to be probably seven inches long. I moved up and started nuzzling and licking his thick, course bush, taking mouth fulls of hair and chewing on it. I knew I was putting on a show for him but he was going to see a real cocksucker at work. Too few men actually knew what a good suck was all about. Anyone can slobber on a man's poll and call it a blowjob. It took little skill to bring a man off but real cock sucking was an art form.

His cock was now as hard as ...
