Earth and Moon (Our Solar System (Creative)) Robin Kerrod

An exciting guide to the solar system that we call home. Using the very latest photographs and the most up-to-date information available, the Our Solar System series takes a close look at the planetary system in which we live. Each title in the series not only focuses on its subject matter, but also details the historical background, people and technology that gave us the knowledge that we have today. Each book contains a table of contents, a glossary and an index.
