The Ten Great Commandments of Social Work Practice: Lessons from the Field To Enhance the Lessons from the Classroom By Audrey H. Campbell LSW

The Ten Great Commandments of Social Work Practice features the lessons that licensed social worker, Audrey H. Campbell, has learned in her twenty-three years of on-the-job experience. The lessons are presented to enhance the knowledge that all social workers have learned in their college or university classes and the knowledge that they have learned in their practices and from other social workers. The lessons are an attempt to teach beginning and experienced social workers early in their careers what it took Audrey Campbell twenty-three years to learn. In Audrey's words, "20/20 foresight is vastly better than 20/20 hindsight; my book's goal is to provide social workers with some 20/20 foresight from my 20/20 hindsight."
