**He broke my heart.**

*She died.*

**He used me.**

*She made my world go round.?*

**He tore me apart, put me back together and tore me up again.?**

*She was the only person who truly loved me.*

My mental state is...questionable. My life is in ruins. My heart is ripped to shreds and it'll probably never be put back together again.

My twin sister, Sarah, passed away a few days ago. She was the sun in my sky, the grass between my toes and the light to my dark. I miss her so much. I don't know if I can go on without her.

My ex boyfriend, Tate, has come back into town for the funeral. I feel rage. I feel despair. I have violent urges. I have this need for revenge were he's concerned.

My brother-in-law, Max, is acting...strange. I think he's hiding something, something I don't want to find out. He might be the glue though, the glue I need to hold me together.

My name is Farah and I want to get even for every single lie I've been told. I want to get even for all the things people have hid from me. Mostly I want to get even for this black hole my heart has been turned into.

\*Complete standalone. Not connected to any other series. That is the only warning you'll get.
