In these days of global crisis, thoughtful seekers increasingly turn to Native Americans for healing wisdom. The Sacred Pipe is the medicine, says Jay Cleve in this informative and practical guide to a key practice of Native American spirituality. The Hopi and other ancient cultures predicted our present age as one of transition into a New World. The galactic alignment ending the Mayan calendar on December 21, 2012 occurs only every 26,000 years and is thought to be a critical time for raising consciousness to align with the radical expansion of Earth energies. Cleve shows how the Pipe can facilitate transformation on both the personal and planetary levels. He explains its use in rituals such as the sweat lodge, the vision quest, and the sun dance and in relation to the Medicine Wheel. He also provides practical information on obtaining and caring for a Pipe and on preparing for and performing the Pipe ceremony.
