## **Privacy: A Very Short Introduction (Very Short Introductions)** Raymond Wacks

Some would argue that scarcely a day passes without a new assault on our privacy. In the wake of the whistle-blower Edward Snowden's revelations about the extent of surveillance conducted by the security services in the United States, Britain, and elsewhere, concerns about individual privacy have significantly increased. The Internet generates risks, unimagined even twenty years ago, to the security and integrity of information in all its forms.

The manner in which information is collected, stored, exchanged, and used has changed forever; and with it, the character of the threats to individual privacy. The scale of accessible private data generated by the phenomenal growth of blogs, social media, and other contrivances of our information age pose disturbing threats to our privacy. And the hunger for gossip continues to fuel sensationalist media that frequently degrade the notion of a private domain to which we reasonably lay claim.

In the new edition of this *Very Short Introduction*, Raymond Wacks looks at all aspects of privacy to include numerous recent changes, and considers how this fundamental value might be reconciled with competing interests such as security and freedom of expression.

### **ABOUT THE SERIES:**

### **From reader reviews:**

#### **Virginia Boone:**

The book Privacy: A Very Short Introduction (Very Short Introductions) can give more knowledge and also the precise product information about everything you want. Why then must we leave the best thing like a book Privacy: A Very Short Introduction (Very Short Introductions)? Some of you have a different opinion about book. But one aim this book can give many facts for us. It is absolutely suitable. Right now, try to closer with the book. Knowledge or info that you take for that, you are able to give for each other; you can share all of these. Book Privacy: A Very Short Introduction (Very Short Introductions) has simple shape but the truth is know: it has great and massive function for you. You can appear the enormous world by open and read a e-book. So it is very wonderful.

#### **Thomas Paris:**

Reading a reserve tends to be new life style in this particular era globalization. With reading through you can get a lot of information that may give you benefit in your life. Having book everyone in this world may share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their reader with their story or even their experience. Not only situation that share in the guides. But also they write about the data about something that you need case in point. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors these days always try to improve their talent in writing, they also doing some exploration before they write to their book. One of them is this Privacy: A Very Short Introduction (Very Short Introductions).

#### **Jose Tiernan:**

This Privacy: A Very Short Introduction (Very Short Introductions) is great guide for you because the content which is full of information for you who else always deal with world and also have to make decision every minute. This kind of book reveal it information accurately using great organize word or we can state no rambling sentences included. So if you are read the item hurriedly you can have whole data in it. Doesn't mean it only provides straight forward sentences but hard core information with wonderful delivering sentences. Having Privacy: A Very Short Introduction (Very Short Introductions) in your hand like getting the world in your arm, details in it is not ridiculous one particular. We can say that no e-book that offer you world within ten or fifteen moment right but this guide already do that. So , this is certainly good reading book. Heya Mr. and Mrs. hectic do you still doubt which?

#### **John Bergeron:**

As a university student exactly feel bored to reading. If their teacher expected them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's heart or real their passion. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that studying is not important, boring and can't see

colorful pics on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Privacy: A Very Short Introduction (Very Short Introductions) can make you really feel more interested to read.
