Six feature films, the wildly successful television spin-off *Star Trek: The Next Generation*, endless reruns, videotapes, conventions, a line of best-selling novels, and William Shatner's *New York Times* best-seller *Star Trek Memories* have kept the *Star Trek* spirit alive and well, even 25 years after its cancellation.

Now this must-have book for all Trekkers -- which covers every episode of the original series, the pilot, and all six movies -- reveals all the bloopers, continuity errors, plot oversights, equipment malfunctions, and goof-ups that discerning, die-hard fans love to spot, but may have missed. Written especially for all those who find themselves thinking, "Hey, if the transporter is broken, why don't they just use a shuttlecraft?", this nitpicky volume includes Kirk's toupee watch; an examination of the logic of the miniskirted female crew members; number of times Kirk violated the Prime Directive and lots of trivia questions, fun facts, quizzes, and more. Live long and nitpick.
