Changes in the Third Edition are: all chapters have been thoroughly updated to address new developments in the world and in the field of English and language arts education; the chapters in Section II include new Student Explorations - activities designed by pre- and in-service teachers that readers can use with students in their classrooms; and new in this edition are references throughout several chapters to Web sites that instructors and students will find useful. This text is intended as text for undergraduate and master's level English language arts courses on the pedagogies of language teaching, and as an introduction to language or introduction to linguistics courses - particularly those emphasizing language study from a sociocultural perspective; and for courses preparing teachers of English as a new language.
