Limited to 2000 copies. Not available in the book trade. Spectrum Fantastic Art Live, Volume Two commemorates the second annual Spectrum event by celebrating the work of the exhibition's six special guests. Jon Foster, Peter de Sève, Tara McPherson, Charles Vess, Michael Whelan and Terry Whitlatch have hand-picked a diverse assortment of images for inclusion in this volume—a collection of six individual galleries with artist statements scattered throughout. Jon Foster's work has graced the pages of a vast array of publications, from National Geographic to DC and Marvel Comics to nearly all the book publishers of fantasy and science fiction. Jon teaches art and illustration across the country and has received two Silver and three Gold Spectrum Awards. Perhaps best recognized as a regular cover artist for *The New Yorker* and for his character designs for blockbuster animated films such as *Ice Age* and *Finding Nemo*, Peter de Sève is widely recognized as an icon in contemporary illustration. Equal parts whimsical, thought-provoking and seductive, Tara McPherson's works have adorned the walls of art galleries around the world and, through her poster art, plastered the brick-lined streets of the American indie rock scene. Haunting and ethereal, the art of Charles Vess has long defined fantasy illustration and comic art. He has brought visual life to the works of such authors as Neil Gaiman, Jeff Smith and Charles de Lint. Michael Whelan has defined the visual aesthetic of some of the best-known science-fiction authors of the past thirty-five years, including Isaac Asimov, Ray Bradbury and Stephen King. Best known in the entertainment and publishing industries for her work in creature design, Terry Whitlatch seamlessly blends her technical knowledge of paleo art with her passion for the fictitious. Introductions provided by George Pratt, Gregory Manchess, Greg Spalenka, Ari Berk, Bob Self, Bobby Chiu, Arnie & Cathy Fenner and John Fleskes.
