Finders Keepers: Selected Prose 1971-2001

Seamus Heaney

Finders Keepers: Selected Prose 1971-2001 Seamus Heaney

A selection of the best of three decades of writing about poetry, a celebration of the "tenacious curiosity" (Los Angeles Times) of the Nobel laureate

Whether autobiographical, topical, or specifically literary, these writings circle the central preoccupying questions of Seamus Heaney's career: "How should a poet properly live and write? What is his relationship to his own voice, his own place, his literary heritage, and the contemporary world?"

Along with a selection from Heaney's three previous collections of prose (*Preoccupations*, *The Government of the Tongue*, and *The Redress of Poetry*), the present volume includes a rich variety of pieces not previously collected in books, ranging from formal lectures to radio commentaries about the rural Ireland of his childhood to illuminating reviews of his contemporaries. In its soundings of a wide range of poets?Irish and British, American and Eastern European, predecessors, fellows, and successors?*Finders Keepers* becomes, as its title heralds, "an announcement of both excitement and possession."
