Here you can read excerpts from some of these short stories:

Sometimes It Pays To Get Caught

A good example would be Jon. It isn't that he did anything that was any different than other men, particularly when they watch a great porn DVD alone. The only thing he did wrong was to get caught by his wife and her best friend.

A Lesson Well Taught

And then there is Ted. He thought he was the perfect Dom until he saw his buddies with his wife and he had to sit mutely and watch. Sometimes you learn you don't know yourself as well as you might think.

Dealing With My Sister the Bitch

Then, there is Tammy the beautiful bitch. When her twin brothers and their friends devise a plan to punish her for her actions, she suddenly finds she has fallen in love with someone who has been right in front of her for years. If you read about Jeremy, you will learn about a young man who discovered who he was sexually while being on a camping trip with family and friends.

My Summer Babysitting

And finally, there is Mr Johnson who seduces his babysitter and gives her her first orgasm while lounging at the beach. No, these changes did not require years to take place, only the events which occurred on one particular day in their lives.

My Birthday Surprise: Part I, II, III

Although I wouldn't say our sex life was at all disappointing, I wanted to do something extra special for my husband's birthday. I wanted him to be sexually excited but also completely shocked by me at the same time. The one fantasy of his that had never been fulfilled was the fantasy of having a threesome. More specifically, he wanted to have his dick sucked by two women at the same time.

We would talk about it during sex because it got him extremely excited, but we had never seriously talked about making it happen. Ironically, it wasn't even an idea I was entirely opposed to, it was just something that seemed outside the realm of our marriage.

Assuming the Role We Both Enjoy

Do you know who you really are? You might be surprised to learn you can spend many years believing you have yourself figured-out, and then discover the events of one particular day ends-up changing who you are in every way. If you need proof, read the story of Amy and Trey.

It wasn't until many years into their relationship they found they had everything turned around. Amy discovered she enjoyed being the dominant one, Trey found he enjoyed watching her being pleased.

First Night Back

Married couple Thad and Ari experience the long-awaited night of passion after 6-weeks of frustration

waiting for Ari to recover after giving birth to their child. In spite of their years together as man and wife, their lust for each other explodes as they enjoy each other on their first night back.

When Baby's Away

is the story of Isabel and Milan, two beautiful women who enjoy an evening of lust and love while their adopted son Michael is away. Their evening of love and awesome sex begins at home, continues in an adult theater, and then progresses to the theater's parking lot where they are interrupted by theater security. Needless to say they didn't miss a beat when they got home.

Chance Encounter

is the story of Avery and Alex. The two of them meet in a park, hitting it off immediately. While they made plans together for Alex to have dinner at Avery's, she made some plans of her own to seduce this gorgeous male for her dessert. Read their story to learn
