Post Structuralism and the New Testament

Stephen D. Moore

Post Structuralism and the New Testament Stephen D. Moore

With typical wit and jargon-free clarity: Stephen D. Moore guides us through the maze of concepts and projects that constitute the multidisciplinary phenomenon of post-structuralism. Moore centers on two lengthy exegetical examples - a Derridean reading of John and his interpreters and a Foucauldian reading of Paul and his. The book also deals with deconstruction's relationship to Theology and its relationship to biblical scholarship old and new - historical critical, narrative critical, and feminist. All who want to know what the fuss is about will owe Moore a debt of gratitude for this book.
