International Students: Strengthening a Critical Resource (American Council on Education Series on Higher Education)

Maureen Andrade, Norman Evans

International Students: Strengthening a Critical Resource (American Council on Education Series on Higher Education) Maureen Andrade, Norman Evans

International students are often taken for granted in higher education institutions in the United States. Many college and university administrators are unaware of the initiatives of other nations to attract international students and of the need to support these students. Higher education journals have not focused much attention on international students. *International Students: Strengthening a Critical Resource* argues that U.S. institutions of higher education must increase their awareness of international student issues. Andrade reviews related research and highlights creative solutions and programming for the successful support of international students. The book provides practical, hands-on, broadly applicable solutions to addressing international student issues. Additionally, it serves as a practical guide for identifying and adopting best practices for serving international students.
