It started out as an ordinary day for Esther Comely-Cox, if you consider simultaneously totaling your car, smashing a Ho Ho in your face and meeting a handsome doctor ordinary. Estranged from her family over her sister's mental illness and death, Esther can't help but feel alone. And when Esther hears the voice of her twin sister who committed suicide seven years ago, she begins to question her own sanity, leading her to wonder if anything is what it seems. Searching for answers, Esther must confront her past while looking towards a new future—one in which she is finally accepted. Through humor and heartbreak, Esther learns that blood does not mean family, that absence does not make the heart grow fonder and that silence can speak volumes.
